RE: Milling and Paving Street

Our paving contractor is planning to start milling on Monday, August 10, 2020 and Tuesday, August 11, 2020 on the following streets:

North Broad Street from Fassett Lane to State Street
South Broad Street from State Street to Miller Street
Loring Avenue from South Broad Street to the end
Miller Street from South Broad Street to the end
Stevens Street from Hamilton Street to Brooklyn Avenue
East Hanover Street from South Main Street to Osborne

Paving will commence following milling, weather permitting.

After milling and before paving, manholes and water boxes will be elevated, so please drive carefully. During paving and milling access to these streets will be limited and parking on the street will **not** be allowed so please plan ahead with parking arrangements to avoid any conflicts.

We thank you for your cooperation and patience. If you have any questions, please call our office at 596-1710.

Bradley J Mattison
Assistant Director of Public Works
